For centuries, avid travellers and explorers have been fascinated by the world's most southern continent. With an ever-changing landscape of glaciers and icebergs, Antarctica's realms are wild - particularly along the East Coast, where Australia has a rich history of exploration thanks to the pioneering efforts of explorer Sir Douglas Mawson. You'll have the rare opportunity to follow in the footsteps of Mawson and his team, navigating remote bays and ravishing coves and islands where wildlife rules supreme.
