JOURNEYS OF DISCOVERY

PONANT EXPLORATIONS and Smithsonian Journeys, the travel program of the Smithsonian Institution, have formed a **unique alliance** to offer themed sailings featuring experiences that embrace local cultures and **dive deeper** into a destination’s history, cuisine, language, environment and wildlife.

In addition to the usual elements of the PONANT experience, these voyages **include transfers** to and from the ship, talks and discussions aboard ship by **world class experts**, and a **shore excursion or activity in each stopover** that immerses guests in the sights, sounds, tastes and smells of each destination, and helps provide a deeper understanding of the places we explore.
